

Energy Savings Assistance Common Area Measures

Overview

Energy Savings Assistance: Common Area Measures (ESA CAM) is a low-income energy efficiency program that promotes and facilitates energy retrofits of the common areas and central systems in multifamily properties through technical assistance, cash incentives, and program coordination.

ESA CAM Projects must complete construction by the date in the Project Approval Letter or **September 1, 2022**, whichever comes first.

Participants must work with their Case Manager to build a construction timeline once their ESA CAM scope of work has been approved.

The ESA CAM offering is available on a first-come, first-serve basis and program funding availability. Submit an interest form at www.esacommonarea.com/contact to find out if your project is a good fit.

				
Serves Existing Multifamily Buildings	Property must be Deed-Restricted <i>2/3 of residents must meet income requirements</i>	ESA In-Unit Coordination <i>Eligible residents will receive no-cost upgrades to their unit</i>	Funding for up to 100% of Project Cost <i>Approved upgrade costs including equipment & labor</i>	Technical Assistance & Benchmarking <i>Using ENERGY STAR® Portfolio Manager</i>
